7th APASL Single Topic Conference

Asian Pacific Association for the Study of the Liver

Hepatitis C Virus

December
17 (Fri) -18 (Sat), 2010

PLACE

**Makuhari Messe,
Chiba, Japan**

CHAIRMAN

Osamu Yokosuka M.D.

Department of Medicine and Clinical Oncology,
Graduate School of Medicine, Chiba University

Welcome Message

Dear, Colleagues,

It is a great pleasure to announce that the 7th APASL Single Topic Conference will be held on December 17-18, 2010, in Chiba, Japan.

The topic for the 7th APASL Single Topic Conference will be "**Hepatitis C Virus**". The focus will be on the progress of research in this field.

The leading scientists in this field will be invited from overseas and throughout Japan to give lectures. They will conduct active discussions for the international exchange of knowledge and ideas, based on the latest research and studies.

The 7th APASL Single Topic Conference will call for free papers for poster presentation through the conference official web-site. Further information and registration will also be available online.

We are looking forward to your participation at this exciting event in Japan.

Sincerely,

Osamu Yokosuka, M.D.

Chairman of the Conference
Professor, Department of Medicine and Clinical
Oncology, Graduate School of Medicine, Chiba
University

Tentative Program

**The 7th APASL Single Topic Conference
will cover sessions on:**

- Epidemiology of HCV
- HCV-HBV Co-infection
- Molecular Biology and Virology
- Tailoring HCV Treatment to the Individual Patient
- Clinical Trials in HCV
- Emerging Treatments of HCV
- Managing HCV Following Liver Transplantation
- Hepatocellular Carcinoma: Clinical and Experimental, etc

The program will consist of sessions by invited speakers, specialists in each of the above specialties, which will then be followed by oral presentations by scientists working in this particular field. Each oral presentation will be followed by question time.
